Examiner: D. DAVIS

Filed: November 4, 2003

Docket No.: 117657

For: THIN FILM MAGNETIC HEAD AND METHOD OF MANUFACTURING THE
SAME

SUPPLEMENTAL RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Supplemental to the Response to Election of Species Requirement filed June 18, 2007
in reply to the Election of Species Requirement mailed May 17, 2007, please consider the
following:

Claims 2-7 and 12-15 are pending in this application.

In response to the Election of Species Requirement, Applicants hereby provisionally
elect Species II, i.e., the Species of Figures 16-27, and Sub-species VII, i.e., the Sub-species of
Figure 27. Claims 14 and 15 are readable on the elected Species and Sub-species. This election
is made with traverse.

In further response to the Election of Species Requirement, Applicants respectfully
assert that at least claim 14 is generic to at least the elected Species II.

Applicants traverse the election of species requirement on the ground that the generic
claims are not so broad as to place an undue burden on the Patent Office to search and examine

the full scope of the claims. Rather, Applicants respectfully assert that search and examination of the entire application could be conducted without undue burden on the Examiner, thus avoiding delay and expense to Applicants.

Applicants further understand, however, that upon search, examination and allowance of the elected species, search and examination will continue as to the non-elected species within the scope of the generic claims.

Early and favorable consideration of the application are respectfully requested. The Examiner is invited to contact Applicants' undersigned attorney with any questions regarding the application, or any suggestions to expedite prosecution, at the telephone number listed below.

Respectfully submitted,

James A. Oliff
